SHIP BROKERS

Summer 2013

A **World** of Boats

# BAVARIA SPORTS 44

## Welcome

---

Well, what a year for the Ensign family.

The IAG 104 "Freedom" has been delivered to her owner with a successful sea delivery to Malaysia and her home port of Langkawi. IAG, in a very short time became a very real player in the Super Yacht arena with 4 Yachts over 127 feet already completed or in the final stages before delivery to experienced Super Yacht buyers and owners.

Ensign were appointed as the Asian representative agents for the Nedship group with a close alliance being forged to successfully develop our European Super Yacht sales in both new builds and International brokerage.

Bavaria Power and Sail have made monumental inroads into the Australian national market with Victoria, NSW and QLD gaining massive market share increases across the board. Australian buyers have ordered the all-new 2014 model 56 Cruiser, 51 Cruiser, 46 Visions, 42 Visions, 41 and 37 Cruisers with the first 33 Cruiser already delivered into Nth QLD. Power boat sales

have surged with 35 Hardtops and Virtess 42's proving to be the most popular models.

Ensigns French built Rhea product line has an amazing 27 Open completed at the factory ready for her St Kilda owners handover in early February.

Ensign Ship Brokers position as the pre-eminent one stop shop for buyers and sellers from trailerable to multi-million dollar brokerage vessels continues with our list of testimonials and strength of client relationships growing exponentially. Many of our clients become long term friends evidencing that both myself and the sales executives have the best interests of all at heart with the whole Ensign team concentrating on providing a wonderful buying and selling experience.

As always stay safe on the water.

Regards

**Tony Ross**  
Managing Director  
Ensign Ship Brokers
